

# GOD IS A LAMP

God is a lamp that lights our path when we don't see anything

He transforms night into day

Our God guides us and gently comforts us with his shepherd's staff.

He gives us the courage to continue to walk

God is a lamp that lights our path.

We need to trust Him and obey Him.

Even in the darkest of times when we cannot find our path, we can hear him whisper: "All will be well, turn towards me and pray. The morning shall come and the sun will rise. Night will be no more."

God is a lamp that lights our path till we arrive at the shining shore.
