

Every time ... the Lord is there

Every time that a man, that a woman
anywhere in the world has cried out for Justice,
Justice for his brother,
near by him, every time the Lord is there.

Every time that a man, that a woman,
anywhere in the world has borne anguish
anguish for his brother,
near by him, every time, the Lord is there.

Every time that a man, that a woman
Anywhere in the world has broken the chains,
the chains of his brother,
near by him, every time, the Lord is there.

Every time that a man, that a woman,
anywhere in the world has given his life,
his life for his brother,
near by him, every time the Lord is there.
